Certification of Posting

I hereby certify that on September 12, 2024 I posted a copy of the foregoing agenda in the outside display case at the District Office, 6767 East Main Street, Stockton, California, said time being at least 72 hours in advance of the meeting of the Board of Directors of the Stockton East Water District (Government Code Section 54954.2).
Executed at Stockton, California on September 12, 2024.

Priya Ram, Director of Finance & Administration
Stockton East Water District

THE REGULAR MEETING OF THE BOARD OF DIRECTORS
OF STOCKTON EAST WATER DISTRICT WAS HELD AT THE DISTRICT OFFICE
6767 EAST MAIN STREET, STOCKTON, CA
ON TUESDAY, SEPTEMBER 10, 2024, AT 12:30 P.M.

A. PLEDGE OF ALLEGIANCE AND ROLL CALL

Vice President McGurk called the regular meeting to order at 12:30 p.m., and Director of Finance & Administration led the Pledge of Allegiance.

Present at roll call at the District were Directors McGurk, Nakaue, Panizza, and Sanguinetti. Also present were Manager Hopkins, Director of Finance & Administration Ram, District Engineer Evensen, Water Supply Manager Donis, Maintenance Manager Higaes, Administrative Clerk Barraza, Legal Counsel Zolezzi and Consultant Barkett. Directors Atkins, Cortopassi and Watkins were absent.

B. CONSENT CALENDAR (None)

C. PUBLIC COMMENT (None)

D. SCHEDULED PRESENTATIONS AND AGENDA ITEMS

1. Minutes 09/03/24 Regular Meeting

Vice President McGurk made the following correction to the minutes:

- Page 1, section D-1, paragraph 3, line 2: replace Abbot with AVID

A motion was moved and seconded to approve the September 3, 2024 Minutes, as presented.

Roll Call:

Ayes: McGurk, Nakaue, Panizza, Sanguinetti,
Nays: None
Abstain: None
Absent: Atkins, Cortopassi, Watkins

2. Warrants –

- a. Fund 67 – Agricultural Fund
- b. Fund 68 – Municipal & Industrial Groundwater Fund
- c. Fund 70 – Administration Fund
- d. Fund 71 – Water Supply Fund
- e. Fund 89 – Fish Screen Improvement Fund
- f. Fund 91 – Vehicle Fund
- g. Fund 94 – Municipal & Industrial Fund
- h. Payroll
- i. Summary
- j. Short Name/ Acronym List
- k. SEWD Vehicles & Industrial Equipment

Manager Hopkins made the following correction to the warrants:

- Page 21, line 144: replace \$1,595,319.86 with \$1,650,152.86

Director Sanguinetti inquired on the expense on page 13, line item 55-57 for Ecco Equipment Corporation for rental of excavator in the week ending 05/01/24 and 07/23/24-08/22/24 in the amounts of \$9,476.50, \$8,448.13 and \$779.88. Manager Hopkins replied the Districts' excavator was in use, therefore an additional excavator had to be rented to complete the work. Discussion followed.

A motion was moved and seconded to approve the September 10, 2024, Warrants, as presented.

Roll Call:

Ayes: McGurk, Nakaue, Panizza, Sanguinetti,

Nays: None

Abstain: None

Absent: Atkins, Cortopassi, Watkins

3. Stockton East Water District – Discuss Development of Groundwater Demand Management Program for Five-Year GSP Update Memo

Manager Hopkins presented the Board with a memo to discuss Development of Groundwater Demand Management Program for Five-Year GSP Update. Manager Hopkins reported the Eastern San Joaquin Groundwater Authority is currently in the process of conducting a 5-year Groundwater Sustainability (GSP) Update. District staff, Director Watkins and Legal Counsel have been involved in the process. Manager Hopkins presented the Board with this memo, so that the District has a clear understanding of the time crunch they are working on to make sure they get the 5-year update completed and submitted to Department of Water Resources (DWR) by the January 29th deadline. He also reported DWR is requiring the development of a Demand Management Program even though the approved GSP does identify pumping curtailment as a back stop. Stating in the 5-year update that the GSAs (Groundwater Sustainability Agencies) will curtail pumping at a minimum threshold will not be enough and DWR wants to have an actual plan to curtail pumping. The District has not developed an accounting framework, but plan to commit to DWR certain milestones the GWA (Groundwater Authority) and all the GSAs for completing the plan together.

Director McGurk inquired about the meaning of an accounting plan. Legal Counsel Zolezzi replied it involves groundwater, who is taking out what and who is getting credit for what. Manger Hopkins responded the District is working on a macro scale, where we are looking at total water in and water out. Through that modeling the consultant came up with the number of 56,000-acre feet annually.

Director Nakaue inquired about how the District will know how much water people are taking without meters. Legal Counsel Zolezzi replied we don't know but we are very confident in our numbers. Manager Hopkins replied the District has historically used a flat rate but more recently we have used satellite imagery to calculate evapotranspiration. This current irrigation season, we have partnered with some landowners and installed meters on their wells, so that at the end of the season we can compare actual meter data at the parcel level to the satellite data and hope they both align.

This item was for information only.

4. Stockton East Water District – Draft 2024/2025 Fall/Winter Newsletter

No action was taken on this item.

E. COMMITTEE REPORTS

1. Eastern Water Alliance Committee Meeting, 09/05/24

2 Board Meeting – 09/10/24
Draft

Director McGurk and District Engineer Evensen attended the Eastern Water Alliance Committee Meeting. Director McGurk reported there was no quorum at this meeting, so they were not allowed to approve minutes from past meetings. They reviewed the DREAM Pilot Project and Stella from EBMUD talked to the committee about the updates to the DREAM Pilot Project press release. Director McGurk reported they discussed using agriculture wells for monitoring.

2. Stockton East Water District – Agriculture Operations Committee Meeting, 09/05/24

No Director is available to give a report on this meeting. Manager Hopkins, Assistant Manager Vega, and District Engineer Evensen attended the Agriculture Operations Meeting. Manager Hopkins reported the committee received an update from GEI, the Districts’ consultant on the Water Supply Master Plan. They went through the master plan to date and identified the direction they plan to head in with the recommended projects which will go into the capital improvement program. Manager Hopkins reported t the committee briefly discussed the budget priorities for Fiscal Year 2025-2026. The two projects mentioned specifically for the budget were the Potter Creek Pump Station and investigation of a Mormon Slough WTP Influent Pump Station. Manager Hopkins also reported the committee discussed water rates, with some Directors suggesting the need to raise rates in order to boost funding for additional projects.

3. San Joaquin County and Delta Water Quality Coalition Steering Committee Meeting, 09/09/24

This item will be brought back as a Committee Report in the next Regular Board Meeting.

G. REPORT OF GENERAL MANAGER

1. Water Supply Report as of 09/03/24

Manager Hopkins provided a handout of the Water Supply Report for information only that included storage, release, and production data collected from various sources as of midnight last night.

There is 190,100 AF in storage at New Hogan Reservoir. Current releases are set at 190 cfs. There is 1,849,234 AF in storage at New Melones Reservoir. Current releases are set at 1,550 cfs. The current release at Goodwin Dam to Stanislaus River is set at 253 cfs and release to all water users is set at 1,465 cfs. The District Water Treatment Plant (WTP) is currently processing 46 mgd. North Stockton is currently utilizing 8 mgd. South Stockton is currently using 11 mgd. Cal Water is currently utilizing 25 mgd. The City of Stockton WTP is currently processing 22 mgd.

2. Information Items: None

3. Report on General Manager Activities

a. Stockton East Water District Activities Update

Manager Hopkins reported on the Low Lift Pump Station P-1 Update. He reported that the motor for the P-1 Pump finally came back. Staff now have all the materials and equipment needed to finish the P-1 pump. Staff will begin working on this and P-1 Pump should be online by the end of the year.

Manager Hopkins provided an update on the Bellota Pipeline Leak, noting that staff are continuing to work on the pipeline. Completion at the Eilers’ property is anticipated by Friday, after which work will start on the Watkins’ property on Monday.

Manager Hopkins provided an update on the Low Lift Pump Station generator, reporting CAT was on site today putting in the rebuilt fuel pump. Once the installation is complete, the next step will be testing it, with the hope everything functions smoothly. If everything goes good with the rebuilt fuel pump, staff will return the rental generator.

Manager Hopkins reported on Extraction Well #2, stating the contractor is almost finished and will be completely off site by the end of the week.

Manager Hopkins reported on the Calaveras River Watershed Resiliency Study. He reported District staff, City of Stockton staff, Cal Water staff and Calaveras County Water District staff interviewed potential consultants interested in performing the study for us. Staff has chosen a consultant and will engage them in setting up a professional service agreement which will come to the Board next week.

Director McGurk inquired about the time frame of the Calaveras River Watershed Resiliency Study. Manager Hopkins replied it is a pilot program that DWR selected the District for this study. The District had received 2 million dollars to do this work. The District will be the leading edge of the new Watershed Resiliency Plans with the hope of being the first to receive grant funding. The plan must be done by March of 2026.

4. Stockton East Water District Water Supply Update

Water Supply Manager Donis provided the board with an update on the District's water supply. Every month the monitoring well data is collected. Water Supply Manager Donis reported on the monitoring wells/groundwater level change in the last 12 months. The 3 wells between Administration and South Raw Water Reservoir averaged 8 feet. The 3 wells east of the East Reservoir averaged down 6 feet. The 3 wells East of the nursery on Main averaged 14 feet in 2 years. One well northwest corner of SEWD is down 4 feet. One well center of Bozzano is down 13 feet. The 4 wells east of the North Raw Water Reservoir averaged 18 feet. The total SEWD recharge YTD is 10,700 acre-feet.

Water Supply Manager Donis reported on the New Melones Lake. The storage last year was 1,906,327 acre-feet and storage today was 1,839,839 acre-feet. The top of conservation was 2,420,000 acre-feet and the release was 205 CFS. The allocation used to date was 35,600 acre-feet. He also reported on New Hogan Lake. The storage last year was 197,949 acre-feet and storage today is 189,941 acre-feet. The top of conservation is 317,100 acre-feet and the release was 190 CFS. The allocation used to date was 66,600 acre-feet.

1. Greater Stockton Chamber of Commerce – Monthly Mixer, Best Western Plus, 09/05/24
No Directors attended this event.

H. COMMUNICATIONS

1. AgVenture San Joaquin County – Thank You Letter, 09/25/24

Manager Hopkins reported a thank you letter, sent to the District by Krista McCoon from AgVenture.

I. AGENDA PLANNING/UPCOMING EVENTS

1. Eastern San Joaquin Groundwater Authority Steering Committee Meeting, 8:30 a.m., 09/11/24

2. Eastern San Joaquin Groundwater Authority Board Meeting, 10:30 a.m., 09/11/24
3. San Joaquin Farm Bureau Federation Monthly Water Committee Meeting, 4:30 p.m., 09/11/24
4. Stockton Chamber of Commerce – 57th Annual Industrial BBQ, 5:00 p.m., 09/11/24
5. San Joaquin – State of the County, Bob Hope Theatre, 2:30 p.m., 09/12/24
6. CVP Water Association – Executive and Financial Affairs Committee Meeting, 10:00 a.m., 09/13/24

J. REPORT OF THE COUNSEL

1. CONFERENCE WITH LEGAL COUNSEL – ANTICIPATED LITIGATION Potential exposure to litigation – Government Code Section 54956.9 – two cases

Vice President McGurk adjourned the meeting to closed session at 1:10 p.m. The regular meeting reconvened at 1:15 p.m., with the no reportable action.

K. ADJOURNMENT

Vice President McGurk adjourned the meeting at 1:16 p.m.

Respectfully submitted,

Justin M. Hopkins
Secretary of the Board

Memorandum

To: Board of Directors
From: Justin M. Hopkins – General Manager
Juan M. Vega – Assistant General Manager
Darrel Evensen – District Engineer
Gianna O’Day – Associate Engineer
Date: September 17, 2024
Re: Consider Approval of Professional Services Agreement for Grant Funded Watershed Resiliency Plan

Background

Stockton East Water District (District) was notified on February 14, 2024, of award for the Watershed Resilience Grant Program for the Calaveras River Watershed. This program aims to convene watershed networks, conduct comprehensive watershed climate resilience planning through a collaborative process, quantify vulnerabilities across sectors, develop adaptation strategies, identify adaptation pathways, and develop watershed resilience plans. The Department of Water Resources (DWR) awarded the District \$2,000,000 to implement this program for the Calaveras River Watershed.

On August 1st, 2024, the District released a Request for Qualifications to five engineering firms for the Calaveras River Watershed Resiliency Plan. Proposals were received on August 27, 2024 from two consultants.

Summary

District Staff reviewed the proposals and presentation interviews were held on September 4th for GEI Consultants, Inc. (GEI) and Woodard & Curran. After the presentations, the District selection committee (including representatives from CCWD, CalWater and the city of Stockton) recommended Woodard & Curran based on the Project Manager and team, scope of work, and labor hours presented. Staff met with Woodard & Curran to review the scope of work and costs. The Scope of Work for the Calaveras River Watershed Resiliency Plan includes addressing the impacts of climate change on the Calaveras River and Littlejohns Creek watershed and is designed to enhance adaptability and response capabilities during extreme weather events. In order to comply with the scope, Woodard & Curran will identify and assess existing regional Networks, develop a Watershed Network, delineate Watershed area, develop a Watershed Resilience vision, assess climate vulnerability and state of Watershed, assess vulnerabilities and risk, develop adaptation strategies, develop implementation strategies, complete performance tracking, and produce a Watershed Resilience Plan.

1. Financial Impact

The DWR has awarded the District \$2,000,000 in grant funds under the Watershed Resiliency Pilot Program for this Project. The Woodard & Curran proposal is \$1,672,930 for the scope of work detailed above.

Recommendations

Staff respectfully recommends the Board authorize the General Manager to execute a Professional Services Agreement with Woodard & Curran for \$1,672,930, plus a 10% contingency of \$167,293, for a total of \$1,840,223, and make all other necessary approvals.

STEERING COMMITTEE MEETING

AGENDA

Wednesday, September 11, 2024

8:30 a.m. – 10:00 a.m.
