THE REGULAR MEETING OF THE BOARD OF DIRECTORS
OF STOCKTON EAST WATER DISTRICT WAS HELD AT THE DISTRICT OFFICE
6767 EAST MAIN STREET, STOCKTON, CA
ON TUESDAY, OCTOBER 3, 2023 AT 12:30 P.M.

A. PLEDGE OF ALLEGIANCE AND ROLL CALL

President Atkins called the regular meeting to order at 12:30 p.m., and Manager Hopkins led the Pledge of Allegiance.

Present at roll call at the District were Directors Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti and Watkins. Also present were Manager Hopkins, Assistant Manager Vega, Finance Director Ram, District Engineer Evensen, Administrative Services Manager Celestine, Administrative Assistant Wood, Administrative Clerk Rodriguez, Legal Counsel Zolezzi and Consultant Barkett.

B. CONSENT CALENDAR (None)

C. PUBLIC COMMENT

D. SCHEDULED PRESENTATIONS AND AGENDA ITEMS

1. Minutes 09/26/23 – Regular Board Meeting

President Atkins made the following correction to the minutes;

- On page 3, section D-3, first sentence; strike “California Public Employees’ Retirement System”.

A motion was moved and seconded to approve the September 26, 2023 Regular Board Meeting Minutes, as amended.

Roll Call:

Ayes: Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nays: None

Abstain: None

Absent: None

2. Warrants – California Public Employees’ Retirement System

Director McGurk inquired if there is a difference in the total of CalPERS Retirement Contributions. Finance Director Ram replied \$47.45 is not included in the retirement contributions as an employee is not currently contributing.

A motion was moved and seconded to approve the October 3, 2023 Warrants, as presented.

Roll Call:

Ayes: Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nays: None

Abstain: None

Absent: None

3. Resolution No. 23-24-11 – Resolution of the Board of Directors of Stockton East Water District 2023 Water Professionals Appreciation Week

Manager Hopkins provided the Board with Resolution No. 23-24-11. Manager Hopkins reported the Association of California Water Agencies (ACWA) Water Professionals Appreciation Week will kick off October 7th, highlighting the important role of water industry professionals and local public

water agencies in ensuring safe and reliable water, wastewater and recycled water operations in California.

A motion was moved and seconded to approve Resolution No. 23-24-11 – Resolution of the Board of Directors of Stockton East Water District 2023 Water Professionals Appreciation Week, as presented.

Roll Call:

Ayes: Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nays: None

Abstain: None

Absent: None

4. Stockton East Water District – Installation of Extraction Well No. 2 Pump and Piping Memo
Manager Hopkins provided the Board with a memo for installing Extraction Well No. 2 pump and associated piping. Manager Hopkins reported Purviance has completed the drilling, casing and pump testing for Extraction Well No. 2. Based on the pump testing, Purviance recommends a 3,000 gallon-per-minute pump and a 200 HP motor be installed on Extraction Well No.2.

Assistant Manager Vega reported due to adverse weather conditions and Purviance sustaining damage to their drilling equipment that required repairs, the project was delayed into FY 2023-2024. District staff solicited a proposal from Purviance to install a pump and motor and other appurtenances for Extraction Well No. 2. The quote from Purviance came in at \$104,825. Normally, the District would solicit 3 quotes for capital purchases. However, the District’s Purchasing Policy Section D(1) allows for sole source procurement when: “it is in the best interest of the District to extend or renew a contract from a previous contract period, based on satisfactory service, reasonable prices, and the avoidance of startup costs and interruptions.” Staff recommends the Board authorize the General Manager to proceed with the purchase and installation from Purviance of the pump and motor and other well appurtenances for \$104,825, plus a 10% contingency of \$10,483, for a total approved cost of \$115,308.

Director Watkins inquired what the total cost was for Purviance to complete the drilling and installation of the well casing. Assistant Manager Vega responded the original contract amount was \$261,487. Director Watkins inquired if the pump and piping costs were included in the original contract. Assistant Manager Vega replied no, these costs were not originally included. District Engineer Evensen added the pump and motor size could not be determined until the pump testing was complete.

A motion was moved and seconded to authorize the General Manager to proceed with the purchase and installation from Purviance of the pump and motor and other well appurtenances for \$104,825, plus a 10% contingency of \$10,483, for a total approved cost of \$115,308, and make all other necessary approvals, as presented.

Roll Call:

Ayes: Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nays: None

Abstain: None

Absent: None

5. Stockton East Water District – Stream Cleaning Memo

Manager Hopkins presented the Board with a Stream Cleaning Memo. Manager Hopkins reported as a result of local flooding during the winter and spring of 2023, the San Joaquin County (SJC) Flood Control and Water Conservation District (FCWCD), and SJC Department of Public Works (PW), assessed the condition of many streams throughout the county, including streams within the District. The assessment aimed to identify sections of streams that have not been maintained sufficiently to convey storm water runoff flows without causing flooding. Following the assessment, SJC PW identified portions of non-flood control project streams that would be cleaned by SJC PW through recently awarded funding. Landowners along the remaining portions of non-flood control project streams that require cleaning were notified by SJC FCWCD of the landowners' obligation to maintain the stream. Beginning in early August, District customers began receiving letters from SJC FCWCD identifying the need to clean portions of the streams. The letters included SJC Ordinance 662 (6-7008), which transfers the responsibility of maintaining channel flood capacity from SJC to the property owner. Upon receipt of the letters, some of the District's customers contacted the District office for support. The District obtained a Routine Maintenance Agreement (RMA) through the California Department of Fish and Wildlife which allows the District to operate and maintain existing facilities, and remove debris, obstructions, sediment, and vegetation from streams to restore channel capacities. Through the RMA, the District could provide support or alleviate the obligations placed on property owners. Staff has considered the District's potential support and identified the following items of benefit and concern. Benefits identified are; supporting District customers' needs, improving conveyance of irrigation flows, potentially alleviating customers from cumbersome permitting processes, the District has customer relationships, equipment, and staff to accomplish the work, and could be used as an incentive for surface water use and benefit for surface water users. Concerns identified are; direct costs not accounted for in current fiscal year budget, diversion of staff from other important District activities, delays in completion of District projects, incurred liability for future flooding and establishing a precedent. District staff have not fully evaluated the financial impact of performing the stream cleaning, as the full extent of any commitment is unknown. For estimation purposes, staff assumed two District projects would require construction by a contractor, so District staff and equipment could be available for the stream cleanings. The estimated additional project costs for use of a contractor is \$330,000.

Director Cortopassi suggested the District send a letter to SJC PW expressing the Districts' customer concerns. Director Sanguinetti suggested having customers reach out to the SJC Board of Supervisors in lieu of writing a letter.

Director Cortopassi inquired if District customers could perform work under our RMA. Manager Hopkins advised he will have staff research this item and bring the information back to the Board.

General consensus of the Board was that the District should not begin cleaning streams to restore flood conveyance capacity.

E. COMMITTEE REPORTS

1. San Joaquin Farm Bureau Federation Water Committee Meeting, 09/26/23

Director Sanguinetti and Manager Hopkins attended the San Joaquin Farm Bureau Federation Water Committee Meeting on September 26th. Manager Hopkins reported an East Bay Municipal Utility District (EBMUD) representative reported the Community Affairs Representative position, formally held by Gerald Schwartz, will be open for recruitment in the near future. Steve Schwabauer, General Manager of North San Joaquin Water Conservation District (NSJWCD) will begin his new role this month. The Reclamation Districts are currently discussing raising their rates due to increased costs

of electricity. San Joaquin County (SJC) will be extending the recruitment process for a Water Resources Manager. SJC has hired Robert (Bob) Granberg to assist with staff resources.

2. Advanced Clean Air Fleet Regulations Ad-hoc Committee Meeting, 10/02/23

President Atkins, Director Sanguinetti and Manager Hopkins attended the Ad-hoc Committee Meeting on October 2nd. President Atkins reported the committee reviewed the District's Draft Fleet Management Policy, grant opportunities, and options to comply with the California Air Resources Board (CARB) Advanced Clean Fleets (ACF) regulation. The District has two options; 1) make sure 50% of new vehicle purchases from 2024-2027 are Zero-Emission Vehicles (ZEVs) and 100% of purchases from 2027 onward are ZEVs, or 2) replace 12 out of 26 vehicles with ZEVs by 2039. President Atkins reported charging stations acquired through grant funding would require the stations be accessible by the public.

Director McGurk inquired if the District's fleet will be Electric Vehicles (EV). Manager Hopkins responded the vehicles purchased will need to be ZEVs. Director McGurk inquired if hydrogen-powered vehicles would comply with the regulation. Manager Hopkins replied yes.

Director Cortopassi inquired what qualifies a vehicle as exempt from ACF regulation. Manager Hopkins replied vehicles affected by the ACF regulation are those with a gross vehicle weight rating (GVWR) of 8,500 pounds and above.

Director Watkins inquired if the District will be purchasing conventional vehicles this year. Manager Hopkins replied if there is a need, the District can purchase conventional vehicles until 2027.

Manager Hopkins reported the committee's recommendation and the Draft Fleet Management Policy will be coming to the Board for consideration on October 17th.

F. REPORT OF GENERAL MANAGER

1. Water Supply Report as of 09/26/23

Manager Hopkins provided a handout of the Water Supply Report for information only that included storage, release, and production data collected from various sources as of midnight last night.

There is 190,609 AF in storage at New Hogan Reservoir. Current releases are set at 188 cfs. There is 1,897,095 AF in storage at New Melones Reservoir. Current releases are set at 556 cfs. Current release at Goodwin Dam to Stanislaus River are set at 303 cfs and release to all water users are set at 1,043 cfs. There are 12 irrigators on New Hogan, 0 irrigators on New Melones, and 0 irrigators out of District. The water treatment plant is currently processing 42 mgd. The City of Stockton is currently processing 16 mgd.

2. Information Items:

Manager Hopkins noted items: F2a-1 and F2a-2

3. Report on General Manager Activities

a. Stockton East Water District Activities Update

Manager Hopkins reported District Management Staff has requested additional information from Third Pillar Solar. Staff will be meeting with SitelogIQ on October 12th to discuss other solar options.

Manager Hopkins reported the Fleet Management Policy, Injury Illness and Prevention Plan (IIPP) and an Idling Policy will be coming to the Board for review in the coming weeks.

Manager Hopkins reported he reached out to the Urban Contractor's (UCs) to solicit their water demands for next year. UCs are required to provide this request in writing by October 15th, so the District can plan delivery of water supplies accordingly.

Manager Hopkins reported Tim Allen, a representative with a private investment group that develops groundwater banking projects expressed interest in a partnership with the District to construct a groundwater banking project. Mr. Allen extended an invitation for the Board to take part in a tour of other groundwater banking projects he has completed.

4. Stockton East Water District Finance Update

Finance Director Ram reported the District's 2022-2023 Audit has been completed. The Audit Presentation will be brought to the Board on October 24th. The District's investment portfolio is now with Local Agency Investment Fund (LAIF) and California Class. The second quarter interest earnings are \$330,000. The District's Draft Budget for Fiscal Year 2024-2025 will be sent to the Urban Contractor's (UCs) by October 23rd. The tentative adoption date for the budget is December 12th.

G. DIRECTOR REPORTS

H. COMMUNICATIONS

1. Association of California Water Agencies – Board Officers' Election Results Letter
Manager Hopkins provided the Board with a Board Officers' Election Results Letter. Manager Hopkins reported Director Sanguinetti received a letter from Association of California Water Agencies announcing Cathy Green as the newly elected President and Ernesto "Ernie" Avila as newly elected Vice-President.

I. AGENDA PLANNING/UPCOMING EVENTS

1. Association of California Water Agencies Region 4 Tour, 8:30 a.m., 10/04/23
2. Flood-MAR Network Field Trips - Cosumnes River Corridor, 10:00 a.m., 10/04/23
3. Stockton Chamber of Commerce – Business Showcase & Tradeshow Mixer, 5:00 p.m., 10/05/23
4. East Bay Municipal Utility District – 28th Annual Pardee BBQ, 11:30 a.m., 10/06/23
5. District Holiday – Columbus Day, 10/09/23
6. San Joaquin County & Delta Water Quality Coalition Meeting, 9:00 a.m., 10/09/23

J. REPORT OF THE COUNSEL

1. CONFERENCE WITH LEGAL COUNSEL - Real Property Negotiations Government Code 54956.8 Property: 29001 E Sonora Road, Farmington, CA Agency Negotiator: Justin Hopkins Negotiating Parties: Josh Barton Under Negotiation: Price and terms of payment
2. CONFERENCE WITH LEGAL COUNSEL – ANTICIPATED LITIGATION Potential exposure to litigation – Government Code Section 54956.9 – two cases

President Atkins adjourned the meeting to closed session at 1:20 p.m. The regular meeting reconvened at 1:55 p.m., with no reportable action.

K. ADJOURNMENT

President Atkins adjourned the meeting at 1:56 p.m.

Respectfully submitted,

Justin M. Hopkins
Secretary of the Board

Memorandum

To: Board of Directors
From: Justin M. Hopkins – General Manager
Date: October 10, 2023
Re: Support of NSJWCD WaterSMART Drought Response Program Grant Application

Background

The North San Joaquin Water Conservation District (NSJWCD) is submitting an application to the U.S. Bureau of Reclamation for WaterSMART Drought Response Program grant funding. The application will request up to \$5 million in funding to support the South System Phase 4 Project (Project), currently estimated in excess of \$10 million. The Project proposes to replace and enlarge the final 17,100 linear feet segment of the South System. The goal for Project completion is 2027 and, once complete, NSJWCD will be able to fully utilize up to 20,000 acre-feet annually of Mokelumne River water for in-lieu recharge.

Summary

NSJWCD is one of 16 groundwater sustainability agencies (GSAs) within the Eastern San Joaquin (ESJ) Groundwater Subbasin (Basin) and comprising the ESJ Groundwater Authority (GWA). The process of in-lieu recharge, preserving existing groundwater supplies through the use of surface water, is one of the primary project management actions identified within the ESJ Groundwater Sustainability Plan (GSP) and an ongoing activity of Stockton East Water District (District). Staff considers all efforts to preserve existing groundwater supplies when surface water is available, for future extraction in dry years, as beneficial to the Basin and recommends the District support other GSAs in that effort.

Recommendations

District staff recommends the Board support North San Joaquin Water Conservation District's WaterSMART Drought Response Program grant application and authorize the Board President to approve a letter of support.

Re: Letter of Support for North San Joaquin Water Conservation District's South System Improvement Project (Phase 4) | Fiscal Year 2024 WaterSMART Drought Response Program Notice of Funding Availability

To Ms. Neff:

Stockton East Water District strongly supports the North San Joaquin Water Conservation District's (District) application to the Fiscal Year 2024 WaterSMART Drought Response Program for the South System Improvement Project (Phase 4) (Project). The Project is a critical step in modernizing the southern portion of the District's surface water distribution system, known as the South System, so the District can maximize the diversion and use of Mokelumne River supplies under the District's existing water right. The District will use the surface water to recharge groundwater and reduce groundwater pumping in the critically overdrafted Eastern San Joaquin groundwater basin, which will help increase the region's resilience to drought.

Stockton East Water District supports this application because of the importance of this work to the region's efforts to achieve groundwater sustainability. Stockton East Water District is collocated within the critically overdrafted Eastern San Joaquin groundwater basin and is concerned about the effects of groundwater overdraft on our agricultural, domestic, and municipal customers, as many of our customers are identified as disadvantaged communities. Maximizing the use of available surface water supplies, as the Project proposes, is a keystone of the basin's sustainability efforts.

In addition, Stockton East Water District recognizes the District does not have the financial means to fund important water infrastructure improvements important to the region and the economic prosperity of the State of California without federal financial assistance. Although the District service area comprises almost 20% of the Eastern San Joaquin Subbasin, the growers in the District are primarily landowners with small parcels (less than 40 acres) who cannot afford more than the local groundwater charge currently in place to support these projects. The South System Improvement Project (Phase 4) cannot move forward without state or federal government assistance.

If you have any questions about the Stockton East Water District's support, please contact our General Manager, Justin Hopkins. Thank you for your consideration of the District's important application.

Sincerely,

DRAFT

Richard Atkins
President

Resolution No. 23-24-07

AN AMENDED RESOLUTION OF THE BOARD OF DIRECTORS OF
STOCKTON EAST WATER DISTRICT

AUTHORIZATION TO ACCEPT THE GRANT AWARD WITH THE
CALIFORNIA DEPARTMENT OF WATER RESOURCES UNDER THE 2022 URBAN
COMMUNITY DROUGHT RELIEF GRANT PROGRAM FOR THE BELLOTA WEIR
MODIFICATIONS PROJECT, EXECUTE ANY REQUIRED DOCUMENTS AND PROVIDE
DELEGATION OF AUTHORITY

WHEREAS, the Board of Directors of the Stockton East Water District (District) received a grant award from the California Department of Water Resources for the 2022 Urban Community Drought Relief Grant Program;

WHEREAS, the District intends to construct the Bellota Weir Modifications Project (Project) to improve fish passage in the Calaveras River and improve diversion of surface water for groundwater recharge;

WHEREAS, the District will budget \$3,070,656 towards construction of the first phase of the Project;

WHEREAS, the District received award from the Urban Community Drought Relief Grant Program of the Department of Water Resources for improving the diversion of surface water for groundwater recharge at the Bellota Weir of the amount of \$12,282,625;

WHEREAS, the Stockton East Water District proposes to implement the Bellota Weir Modifications Project;

WHEREAS, the Stockton East Water District has the legal authority and is authorized to enter into a funding agreement with the State of California; and

WHEREAS, the Stockton East Water District intends to apply for grant funding from the California Department of Water Resources for the Bellota Weir Modifications Project;

THEREFORE, BE IT RESOLVED by the Board of Directors of the Stockton East Water District as follows:

1. That pursuant and subject to all of the terms and provisions of Budget Act of 2021 (Stats. 2021, ch. 240, § 80), the Stockton East Water District's General Manager, or designee is hereby authorized and directed to prepare and file an application for funding with the Department of Water Resources, and take such other actions necessary or appropriate to obtain grant funding.

2. The Stockton East Water District’s General Manager, or designee is hereby authorized and directed to execute the funding agreement with the Department of Water Resources and any amendments thereto.
3. The Stockton East Water District’s General Manager, or designee is hereby authorized and directed to submit any required documents, invoices, and reports required to obtain grant funding.

CERTIFICATION I hereby certify that the foregoing Resolution was duly and regularly adopted by the Board of Directors of the Stockton East Water District at the meeting held on the 10th day of October 2023, motion by [member name] and seconded by [member name], motion passed by the following vote:

WHEREAS, the District does hereby agree to consenting to the use of DocuSign for all transactions by both us and DWR related to the Urban Community Drought Relief award including agreement execution, Amendments, invoices, and various other documents;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Stockton East Water District accept the grant award by the 2022 Urban Community Drought Relief Grant Program and the Budget Acts of 2023, 2024, and 2025 be made to the California Department of Water Resources, and to enter into an agreement to receive the grant;

PASSED AND ADOPTED at a regular meeting by the Board of Directors of the Stockton East Water District on the 10th day of October 2023 by the following vote of the members thereof:

ANNUAL TRADESHOW

SHOWCASE YOUR BUSINESS

Thursday, October 5, 2023

5:00 pm – 7:00 pm

University Plaza Waterfront Hotel

110 W. Fremont St., Stockton, CA 95202

Meet more potential clients in two hours than most will see in three months. With that kind of exposure you may want to break out the big guns, like those new matching company shirts.

The annual Stockton Chamber Tradeshow brings together more than 50 local exhibitors. It puts them in front of 200 attendees in what has become the essential business tradeshow in the Central Valley.

This is an opportunity to gain exposure to the general public and connect with other local businesses, find services you may need, and inform others how you can support their business.

The theme for this Tradeshow is Oktoberfest. Celebrate Oktoberfest by dressing in your Oktoberfest costume and decorating your space for Oktoberfest!

Admission to attend the October Trade Show is free and open to the general public.

Tables are \$300 for Chamber members and \$375 for non-members. Reserve your space ASAP to be part of the pre-mixer publicity!

For more information about exhibiting at or attending our October Business Trade Show & Passport mixer, call Carolyn Teixeira Gomes at carolyn@stocktonchamber.org or (209) 292-8426.

STOCKTON CHAMBER
TRADESHOW

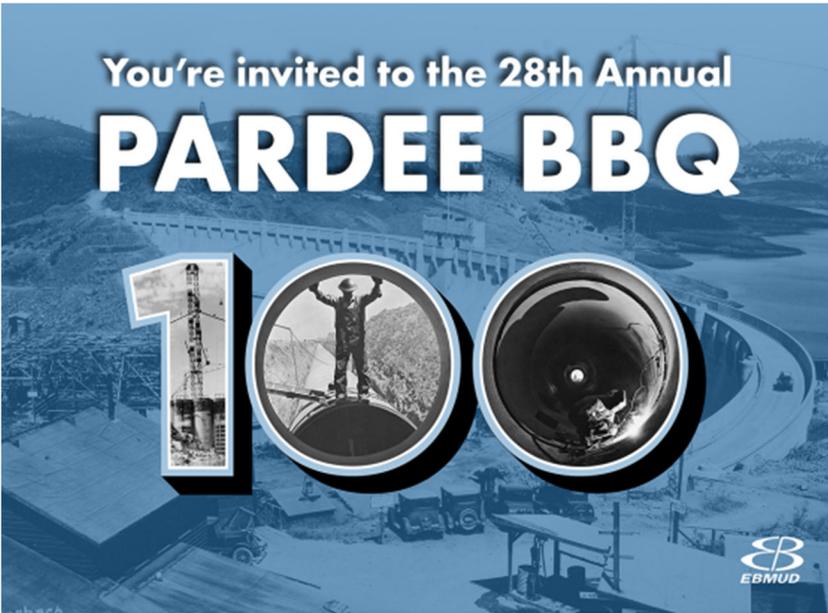

OKTOBERFEST

TRADESHOW

MIXER

10.5.23

110 W. FREMONT ST. STOCKTON, CA 95202 | AT 5 PM

28th Annual PARDEE BBQ

Friday, October 6, 2023
11:30 AM to 2 PM

KEYNOTE SPEAKER

Dr. Russell Shapiro
Professor, Earth and Environmental
Sciences Department
California State University, Chico

Our theme is "flowing into the future," but in order to plan for the future, we need to understand the past – in this case, the deep past. Our keynote speaker, **Dr. Russell Shapiro**, Professor, California State University, Chico, Department of Geological and Environmental Sciences will discuss the paleontological resources of the Mokelumne River watershed and how recent findings are helping shape our understanding of California's natural history.

The 2023 Annual Frank R. Beeler Award for Watershed Stewardship will be recognized at the BBQ. We look forward to sharing in the festivities with you.

SPEAKERS

Andy Katz EBMUD Board President
Clifford C. Chan EBMUD General Manager
Michael Tognolini EBMUD Director of Water and Natural Resources

RSVP by Monday, September 25, 2023 via email at pardeebbq@ebmud.com or call 510-287-0151

DIRECTIONS

McLean Hall, Pardee Center
3535 Sandretto Road, Valley Springs, CA

FROM JACKSON:

- From Highway 49 take Hoffman Street/Stony Creek Road
- Continue on Stony Creek Road, turn left on Pardee Dam Road and cross the dam and spillway
- Continue on Pardee Dam Road/Sandretto Road and turn left at the south gate of Pardee Center

FROM VALLEY SPRINGS:

- At the intersection of Highways 12 and 26, turn north on Laurel Street
- Take the first right onto Daphne Street
- Continue onto Paloma Road
- Take a slight left onto Watertown Road
- Turn right onto Campo Seco Road
- Make a quick left turn onto Sandretto Road
- Continue 2.9 miles to the south gate of Pardee Center and turn right
