- j. SEWD Vehicles & Heavy Equipment

Director McGurk inquired on the expense on page 10, line item 52 for T&T Valve and Instrument Inc. for 2” air valve for Bellota Pipeline in the amount of \$9,690.82. Assistant Manager Hopkins replied there are 14 continuously acting air vents.

Director McGurk inquired on page 16, line item 84 for Jesse The Tree Guy, Inc. for removal of dead tree limbs at WTP in the amount of \$3,400. Manager Moody replied the tree company was onsite for an entire day to work on the trees that were discovered to have splits in limbs during their last site visit.

Director Cortopassi inquired on the expense on page 15, line item 65 for Arcfast Mobile Welding LLC for welding repairs for traveling bridge track in the amount of \$1,320.26. Manager Moody replied that given the weight of the equipment, staff wanted to use someone with that kind of welding experience. Friction spots had been found and it overloaded and burned the drive.

3. Stockton East Water District & William C. Anderson & Katherine Mealer Anderson Irrevocable Living Trust – Quitclaim Deed

Manager Moody provided the Board with a quitclaim deed for the William C. Anderson & Katherine Mealer Anderson Irrevocable Living Trust. Assistant Manager Hopkins reported that during the design for the Bellota Project, Consultants noted a piece of property that is fenced in on Bellota property; however, the title holder is not the District.

Assistant Manager Hopkins reported after investigation, it was determined that the District was given the deed to the property in 1977. Subsequent to the deed, the former owners were granted an easement to bring water across the District's property to theirs. At some point during this transaction the title owner became the easement, which belonged to the William C. Anderson & Katherine Mealer Anderson Irrevocable Living Trust (Anderson Trust).

Legal Counsel Zolezzi reported that the Anderson Trust was transferring property from themselves to different trusts and during this transfer, included the paperwork for the property in question. The attorney for the Anderson Trust was contacted and the attorney advised they would issue a quitclaim deed, which would need to be accepted by the District so the Anderson Trust can then record this information with the County.

A motion was moved and seconded to proceed with signing the Public Agency Deed Acceptance in the matter of the quitclaim deed for the William C. Anderson and Katherine Mealer Anderson Irrevocable Living Trust, as presented.

Roll Call:

Ayes: Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nays: None

Abstain: None

Absent: None

4. Association of California Water Agencies – Region 4 Call for Candidates

Manager Moody provided the Board with information on the Association of California Water Agencies (ACWA) – Region 4 Board Ballot for the 2022/2023 Term. Manager Moody reported if the Board chooses to submit a nomination, staff will bring the necessary documentation back to the Board for formal approval.

Director McGurk reported he believes it is important to have representation from San Joaquin County on the Board and he would like to continue to serve as a Region 4 Board Member.

A motion was moved and seconded to nominate Board Member Thomas McGurk for the ACWA Region 4 Board of Directors for the 2022/2023 Term.

Roll Call:

Ayes: Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nays: None

Abstain: None

Absent: None

5. Stockton East Water District – United States Army Corps Of Engineers New Hogan O&M Charges Memo, 05/05/21

Manager Moody provided the Board with information on the United States Army Corps of Engineers (USACE) New Hogan O&M Charges Memo. Finance Director Vega reported he contacted the USACE to request the District be provided with total costs of the Tainter Gate Project which was \$10,024,597.05 in total. The Project was completed in February 2021 and the final billing for the work was due to the USACE in April 2021.

Finance Director Vega reported he was provided with Project costs for each fiscal year and all agencies were charged for the Project. The estimated payment for 2021 to be included in the next cycle is \$863,704.14. After this amount is paid that will conclude the Project costs.

Finance Director Vega confirmed the District has not been double charged for this work it is just a longer Project.

President Watkins inquired on the split of costs between the District and Calaveras County Water District (CCWD). Finance Director Vega replied they pay whatever their contract percentage requires.

Director Cortopassi inquired if the green shaded box is the next cycle costs. Finance Director Vega replied that box shows the operating costs for 2011-2015 and the yellow box adjacent is what the District and CCWD paid during that cycle.

Finance Director Vega requested the USACE send an expense sheet to the District annually for review and they agreed to do so.

Director McGurk inquired why the District does not see bills from Farmington Dam if the USACE controls that area as well. Manager Moody replied because it is considered flood control. Manager Moody added that staff will follow up and inquire if there is flood control information that can be shared with the District.

E. COMMITTEE REPORTS

1. Eastern San Joaquin Groundwater Authority Ad-Hoc Technical Advisory Committee (TAC) Meeting, 05/06/21

Director Watkins attended the May 6, 2021 Eastern San Joaquin Groundwater Authority Ad-Hoc Technical Advisory Committee (TAC) Meeting. President Watkins reported the DWR gave an update and talked about when the GSP goes through, they will have 180 days to respond. The Plan will either be approved, incomplete or deficient. The GWA is not expecting to know the status until Quarter 3 of 2021. The GWA is currently being sued until the GSP is approved or deemed incomplete. President Watkins reported there will be three more funding opportunities

for grants through next year. Mel Lytle, City of Stockton, provided an update on the Delta Water Treatment Plant and the proposed 70 acre groundwater recharge. There was an update provided by Valerie Kincaid of the basin accounting framework throughout the state. President Watkins reported there was an overview provided on the WaterSmart Grant being applied for. The meeting went over by 30-minutes and ended without finishing out all agenda items. The next meeting is scheduled for May 3, 2021.

2. San Joaquin County & Delta Water Quality Coalition Meeting, 05/10/21
Director Atkins attended the May 10, 2021 San Joaquin County & Delta Water Quality Coalition Meeting. Director Atkins reported there was an update provided on membership. The Coalition is sending post cards to those that did not complete the Farm Management Plans. They are also having issues with 3rd party individuals that have not paid their invoices. Director Cortopassi inquired on what is considered to be a 3rd party. Director Atkins replied if someone leases their land and the lessee uses a 3rd party for billing purposes, that 3rd party is not completing the invoices. There was an update provided on the program manager's report; samples were taken on April 20th, but there were issues with landowners allowing access for sampling in some areas. There was discussion on the pesticides reports, pyrethroids and sediment toxicity at Union Island. Director Atkins reported there were only 2 individuals to attend the recent growers meeting. The Coalition is working with the growers to find a new solution to offer the meetings that will not require to meet in person. The next meeting is scheduled for June 14, 2021.

F. REPORT OF GENERAL MANAGER

1. Water Supply Report as of 05/10/21
Manager Moody provided a handout of the Water Supply Report for information only that included storage, release, and production data collected from various sources as of midnight last night.

There is 144,575 AF in storage at New Hogan Reservoir. Current releases are set at 194 cfs. Current release at Goodwin Dam to Stanislaus River are set at 829 cfs and release to all water users are set at 153 cfs. There are 13 irrigator(s) on New Hogan, 4 irrigator(s) on New Melones and 0 Out-of-District irrigator(s). The water treatment plant is currently processing 31 mgd. The City of Stockton is currently processing 22 mgd.

2. Information Items:
Manager Moody noted items: F2a-1, F2a-2 and F2a-3.
3. Report on General Manager Activities
 - a. Stockton East Water District Activities Update
Manager Moody provided the Board with a handout regarding the USBR changing releases to empty New Melones for Delta outflow requirements. Legal Counsel Zolezzi added there was discussion of this on a call last week, but no one was given notice of the flow changes starting. Director Atkins inquired what is considered to be empty. Manager Moody added they will dramatically lower New Melones.

President Watkins reported on a newspaper article in The Record regarding the Stanislaus River and fish flows and fish being eaten by predators. More flow does not always mean more fish.

Manager Moody reported he had a meeting on Friday with Matt Zidar, San Joaquin County and Chris Elias, SJAFCA regarding partnering with the District for flood control issues.

G. DIRECTOR REPORTS (None)

Describe your ACWA-related activities that help qualify you for this office:

I have served as Director of ACWA Region 4 for 19 years; appointed to complete a previous Stockton East Water District Director's term as my own elected 2-year term. I have experience with the institutional structure, and the people involved. I am concerned with implementation and support relevant "solutions" to problems.

Write below or attach a half-page bio summarizing the experience and qualifications that make you a viable candidate for ACWA Region leadership. Please include the number of years you have served in your current agency position, the number of years you have been involved in water issues and in what capacity you have been involved in the water community.

I was elected to the SEWD Board in 1998 and have served in the capacity of Vice President and President during various terms. I represent Division 7, an urban area. My current term expires December 2022. I am serving my 9th term on the SJC Water Advisory Commission, 17 years as Chair. I am familiar and engaged in the full spectrum of water issues in SJC. I am a 4th generation riparian land owner in SJC. I am a self-employed farmer who irrigates with surface & groundwater. I graduated with a BS in Finance in 1966 & a BS in Civil Engineering in 1970 from Santa Clara University. I served in the Peace Corps in 1970/71 for Water Resources-Kenya.

I acknowledge that the role of a region board member is to actively participate on the Region Board during my term, including attending region board and membership meetings, participating in region conference calls, participating in ACWA's Outreach Program, as well as other ACWA functions to set an example of commitment to the region and the association.

I hereby submit my name for consideration by the Nominating Committee.

Re: CEQA - Gotelli Bridge Replacement and Dondero Diversion Projects

BACKGROUND

The Gotelli Bridge Replacement and the Dondero Diversion Projects CEQA (California Environmental Quality Act) documents have been circulated and are ready for Board approval. Once approved, the Initial Study and Mitigated Negative Declaration (IS/MND) require the General Manager's signature. District Engineering staff assessed the existing timber bridge at Gotelli Bridge 2 and determined the most cost-effective method to address the existing issues is replacement of the existing bridge with a new flat railcar bridge.

The Dondero Diversion Project CEQA document also includes evaluation of a new crossing and dam, however the original project scope has changed and only construction of the new diversion will be progressing under coverage of the CEQA document. The project consists of constructing a new surface water diversion structure in Potter Creek between Jack Tone Road and Drais Road. The new diversion structure will be paid for and owned by the landowner.

RECOMMENDATIONS

Staff recommends the Board authorize the General Manager to finalize the CEQA documents by approving and signing the Initial Study and Notice of Determination.

Stockton, CA 95215
April 2021

NOTICE OF INTENT

TO ADOPT A MITIGATED NEGATIVE DECLARATION FOR THE PROPOSED GOTELLI BRIDGE 2 REPLACEMENT OF CALAVERAS RIVER PROJECT

Notice is Hereby Given that an Initial Study/Mitigated Negative Declaration (IS/MND) is available for public review for the Gotelli Bridge 2 Replacement of Calaveras River project described below pursuant to the provisions of the California Environmental Quality Act of 1970 (Public Resources Code 21100, et seq.)

Project Description and Location

Stockton East Water District (District) is proposing to construct a bridge over the Calaveras River for the Gotelli Family. The Project consists of a rail car bridge across Calaveras River to access lands severed by the District's New Hogan Conveyance System. The constructed facilities will provide a safe crossing for vehicle access. The bridge will be up to 10 feet wide and 90 feet long. The full bridge width and length will be accomplished by securing a rail car to the concrete abutments on either side of the river.

The proposed project is located east of the city of Stockton, approximately ¼ mile west of Highway 26 and ½ mile northwest of the town of Bellota.

Document Review and Availability

The public comment period will extend from April 3, 2021 to May 3, 2021. Copies of the IS/MND are available for public review at the Stockton East Water District, 6767 East Main Street, Stockton, CA 95215, 8:00 AM to 5:00 PM, Monday through Friday.

This IS/MND can also be reviewed and/or downloaded from the Stockton East Water District website at the following link: www.sewd.net.

During the public review period, written comments on the IS/MND may be provided to:

Darrel Evensen, District Engineer
Stockton East Water District
6767 East Main Street
Stockton, CA 95215
209.948.0537
devensen@sewd.net

The Draft Initial Study with Proposed Mitigated Negative Declaration was circulated for public comment from April 3rd, 2021 to May 3rd, 2021. All comments received during the circulation period have been reviewed and addressed by the District and included within Appendix B of the final document. Any changes made to the final document as a result of public comments are notated in a track changes sidebar.

PROPOSED MITIGATED NEGATIVE DECLARATION

Pursuant to: Division 13, Public Resources Code

1. **Project Name:** *Gotelli Bridge 2 Replacement of Calaveras River*
2. **Description of Project:** Stockton East Water District (District) proposes to construct a crossing over Calaveras River for the Gotelli family. The constructed facilities will provide safe vehicle access, consisting of a rail car with reinforced concrete abutment foundations. The crossing will be up to 10 feet wide and 90 feet long. The crossing will arrive on site as a 90 foot rail car that will attach to the concrete abutments. The full crossing width and length will be accomplished by securing the rail car to the concrete abutments on either side. The proposed project is needed because the existing bridge is structurally unsafe, providing a hazard to anyone who uses it.
3. **Project Location:** The proposed project is located in the east area of San Joaquin County, approximately ¼ mile west of Highway 26 and approximately ½ mile northwest of the town of Bellota.
4. **Date:** April 3, 2021
5. **Lead Agency:** Stockton East Water District
6. **Name and Address of Applicant:** Stockton East Water District

8. **Declaration:**

Stockton East Water District has determined that there is no substantial evidence that the above project, as mitigated, may have a significant effect on the environment and proposes that a Mitigated Negative Declaration be adopted. The determination is based on the attached Initial Study and the following findings:

- a) *The project will not degrade environmental quality, substantially reduce habitat, cause a wildlife population to drop below self-sustaining levels, reduce the number or restrict the range of special-status species, or eliminate important examples of California history or prehistory.*
- b) *The project does not have the potential to achieve short-term, to the disadvantage of long-term, environmental goals.*
- c) *The project will not have impacts that are individually limited, but cumulatively considerable.*

- d) *The project will not have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly.*
- e) *No substantial evidence exists that the project will have a negative or adverse effect on the environment.*
- f) *The project incorporates all applicable mitigation measures identified in the Initial Study.*
- g) *This Mitigated Negative Declaration reflects the independent judgment of the lead agency.*

Written comments on the Initial Study and proposed Mitigated Negative Declaration shall be submitted no later than 5 PM on May 3rd, 2021.

NOTICE OF INTENT

TO ADOPT A MITIGATED NEGATIVE DECLARATION FOR THE PROPOSED DONDERO CROSSING OF POTTER CREEK PROJECT

Notice is Hereby Given that an Initial Study/Mitigated Negative Declaration (IS/MND) is available for public review for the Dondero Crossing of Potter Creek project described below pursuant to the provisions of the California Environmental Quality Act of 1970 (Public Resources Code 21100, et seq.)

Project Description and Location

Stockton East Water District (District) is proposing to construct a crossing over Potter Creek for the Dondero Family. The constructed facilities will consist of an installed low water culvert crossings consisting of precast box culverts with wing wall foundations. The crossing will be up to 20 feet wide and have a length of 30 feet long. The crossing will arrive on site as multiple precast box culvert sections, each approximately 15 feet long. The full crossing width and length will be accomplished by securing multiple sections of precast box culverts together and adjacent to each other.

The proposed project is located east of the city of Stockton, south of Copperopolis Rd. and west of Drais Rd.

Document Review and Availability

The public comment period will extend from March 17, 2021 to April 17, 2021. Copies of the IS/MND are available for public review at the Stockton East Water District, 6767 East Main Street, Stockton, CA 95215, 8:00 AM to 5:00 PM, Monday through Friday.

This IS/MND can also be reviewed and/or downloaded from the Stockton East Water District website at the following link: www.sewd.net.

During the public review period, written comments on the IS/MND may be provided to:

PROPOSED MITIGATED NEGATIVE DECLARATION

Pursuant to: Division 13, Public Resources Code

1. Project Name: *Dondero Crossing of Potter Creek*

2. Description of Project: Stockton East Water District (District) proposes to construct a crossing over Potter Creek for the Dondero family. The constructed facilities will provide a low water crossing consisting of precast box culverts with wing wall foundations. The crossing will be up to 20 feet wide and have a length of 30 feet long. The crossing will arrive on site as multiple precast box culvert sections, each approximately 15 feet long. The full crossing width and length will be accomplished by securing multiple sections of precast box culverts together and adjacent to each other.

3. Project Location: The proposed project is located in the east area of San Joaquin County, south of Copperopolis Rd. and west of Drais Rd.

4. Date: March 17, 2021

5. Lead Agency: Stockton East Water District

6. Name and Address of Applicant: Stockton East Water District
6767 East Main Street
Stockton, CA 95215

7. Contact Person: Darrel Evensen, District Engineer, 209.948.0537

8. Declaration:

Stockton East Water District has determined that there is no substantial evidence that the above project, as mitigated, may have a significant effect on the environment and proposes that a Mitigated Negative Declaration be adopted. The determination is based on the attached Initial Study and the following findings:

- a) *The project will not degrade environmental quality, substantially reduce habitat, cause a wildlife population to drop below self-sustaining levels, reduce the number or restrict the range of special-status species, or eliminate important examples of California history or prehistory.*
- b) *The project does not have the potential to achieve short-term, to the disadvantage of long-term, environmental goals.*
- c) *The project will not have impacts that are individually limited, but cumulatively considerable.*
- d) *The project will not have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly.*

- e) *No substantial evidence exists that the project will have a negative or adverse effect on the environment.*
- f) *The project incorporates all applicable mitigation measures identified in the Initial Study.*
- g) *This Mitigated Negative Declaration reflects the independent judgment of the lead agency.*

Written comments on the Initial Study and proposed Mitigated Negative Declaration shall be submitted no later than 5 PM on April 17, 2021.
